Los Angeles, CA 90028

Dear Mr. Weinstein,

Thank you for your letter to Mr. Abercrombie dated March 11, 2008, regarding price increases for antiretroviral drugs. As an historical leader in the development of innovative treatments and diagnostics for HIV/AIDS, Roche shares your concern about access to these important medicines by the HIV/AIDS community.

With that intent, Roche has partnered with the AIDS Drug Assistance Programs (ADAP) over the last four years to provide our medications to the HIV/AIDS community at substantially discounted rates. We are proud of that collaboration, as well as our heritage as the first pharmaceutical company to establish a patient assistance program (PAP).

Working together to address the public health needs of the HIV/AIDS community is our common goal. Thank you for the mission of the AIDS Healthcare Foundation in furthering that effort.

Sincerely,

A handwritten signature in blue ink, appearing to read "Linda Dyson".
